To: MacPac – September 3, 2020 meeting

From: Parks & Recreation Manager: Anne Lane

Parks & Recreation Director: Susan Muir

Parks & Recreation Managers: Steve Ganzer, Katie Noyd & Rob Porter

Date: August 27, 2020

Subject: Facility Space Survey Results & New Facility Vision & Values

---

### **Background:**

On August 6, 2020 MacPac heard from Parks & Recreation staff regarding their recommendations for size and scope of 17 different amenity spaces to be housed in one multi-purpose recreation facility. Recommendations made by staff were in some cases modified from the original recommendations made by the consulting group (Ballard\*King) in the [Phase I](#) report (pg 55-59).

MacPac members were asked to complete a survey regarding the recommendations made by staff and provide comment on each of the 17 described amenity spaces. MacPac recommendations and comments are noted in the chart below.

The numbers found in the left column of the table below (items 1-17) correlate with the numbers found on pages 55-59 of the phase I report.

- Plan to incorporate cultural activities in a new facility
- Go big now

The consultant team will lead MacPac through a brainstorming discussion to outline the vision and values as we move toward conversations about location, construction and building form. The intended outcome will be a developed lens or framework to use in decision making similar to that of the DEI lens established at the previous meeting.
